Attention: Staff of Business Telecom Advisors

When Nicole first walked into our office, I was hesitant to leave Verizon. I was a skeptic and thought "what we would gain by switching telephone companies"? After all, all I ever heard about switching telephone companies were horror stories.

Reluctantly I went with Nicole's recommendation and moved my service to FDN Communications. When I got my first bill, I couldn't believe it. FDN Communications saved me \$120 a month, that's over a \$1,440 a year on three telephone lines. On top of all the savings I couldn't ask for better customer service or friendlier people. I would highly recommend any business, large or small, to Business Telecom Advisors.
